

MAKE IT LAST.

# SHF15, HARDWOOD FLOORING NAILER

## 732001N

The SHF15's ratchet system gives do-it-yourself, rental, novice and professional floor installers a multiple-hit tool with ample power to set nails. Nails not fully driven by the first blow remain positively positioned for additional strikes. It has a rugged composite base that virtually eliminates scratching and damage to the surface of both unfinished and pre finished wood. And at only 3,45kg, the SHF15 is ergonomically designed with the hardwood installer in mind.

### APPLICATIONS

Hardwood flooring

### FEATURES

- Long and narrow handle

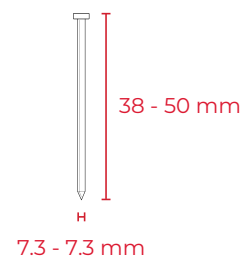

### TECHNICAL SPECIFICATIONS
